Claim For Possession Of Premises

FURTHER REASONS FOR DECISION

Further reasons for his decision made a fortnight ago that a notice to quit with the words before" was valid were given writing by Mr. Justice R. Lindsell in the Summary Court yesterday.

The point was raised by Mr. C. A. Sutherton Russ, who appeared for Chin Suk-cho, Leung Chanpong. Ho Kwai-ying and Un Hakyeung, defendants in an action for possession of premises brought by Fung Fook-tien and Tsang Yau-

Mr. Justice Lindsell said;— The point for decision is a very simple one and it is curious that it appears never to have been authoritatively decided. The point is this—is a notice to quit addressed to his tenant by the landlord and requiring him to quit "on or before" a specified date invalid for ambiguity merely on account of the inclusion of the words "or before?"

Mr. "Russ for the tenant has based his submission that such a notice is invalid mainly on the England 2nd Edition Vol. 20:- 'It defendant came up to him, tois doubtful whether a notice to gether with three or four men. quit "on or before" a certain date and there was a fight. The deis valid.

JUDGMENT CITED

This statement is founded on a dictum of Lush J. in his judgment in Queens Club Garden Estates v. Bignell (1924) 1 K.B. 177 at pages 122-3. In that case the notice to quit was in the following terms:-"The Company hereby give you the requisite week's notice for the terinfination of your tenancy one week from Monday next, on or before which date they will require vacant possession." And the material part of the judgment of Lush J. reads: "I may say that I very greatly doubt whether a notice to quit, assuming it to be free from objections in other respects, can be said to be valid in which the landlord mentions a specific date for the termination of the tenancy and adds that "on or before" that date they will require possession.

NOTICE TO QUIT A notice to quit must be certain and definite, and I am by no means sure that a notice to quit in that form is a certain and definite notice to quit on the date specified. It may be that it is a notice that the landlord will require possession Castro, Jnr., instructed by Mr. H. before that day, and, if so, it seems A. de B. Botelho, appeared for the obvious that it must be a bad notice to quit. That view is no Silva was for the defence. invalid." PRINCIPLE AFFIRM.

Mr. Russ also relied on certain statements contained in Woodfall's, Foa's and Redman's textbooks on the law of Landlord and Tenant, and on the case of Gardner v. Ingram. (1889) 61 L.T.R. p. 729-but these go no further, in my view, than to affirm the principle, which cannot be and is not here disputed, that every notice to quit must be clear and unambiguous and such as to leave the tenant given notice in no possible doubt as to what is required of him and when

He also dealt with the case of Ahearn vs. Bellman, (1879) 4 E. D. 201, which at first sight was entirely against him, stressing that or before the 1st day of May next, notice, the question of the validity of a notice in that form was never raised and the decision in favour of the landlord was based on quite another ground

With the submission that an "on or before" notice is necessarily in-

valid I am not in agreement. It is true that in Ahearn vs. Bellman (supra) the ratio decidendi was not concerned with the inclusion of the words "or before" in a notice. to quit but the mere fact that the tenants' counsel did not take the point is somewhat significant and in his judgment Bramwell L says this (p.203).—"The notice I hereby given you notice to quit and deliver up possession of the shop, premises and showroom now held by you as tenant from me on

Argument Which Led To Street Fight

An . 18-year-old youth, named Tse Chuen-lam, appeared before Mr. R. Edwards at the Central Court "yesterday charged with maliciously wounding So Chunwing with intent to maim, disfigure or disable him on September 7. The defendant was alleged to have stabbed. So with a knife during a fight, and as a result 80 was sent to hospital for about three weeks.

Inspector A. L. Hopkins said that the complainant and the defendants were friends before the incident.

On the night of September f complainant was in a mahjong school. During the game someone got up, leaving a vacancy at a table. The complainant was about to sit down to play, when he was pushed aside by the defendant. An argument ensued and they were asked to leave the school. They had a fight in the street after having left the school.

A SHARP WEAPON

About 9 a.m. the next day the statement in the footnote (r) on complainant was walking near the page 136 of Halsbury's Laws of Kau U Fong Theatre when the fendant was alleged to have drawn a sharp weapon and attacked the complainant. 🖟

COTTON: Trade demand was somewhat broader at the opening. but tapered off. Hedge-selling was moderate With the favourable weather for gathering, we expect full ginnings. The Dry Goods' market was quiet. Interest is centered on to-day's Herr Hitler's Reichstag address in which a peace offer is expected to be made.

RUBBER: The market was quiet, but steady. Commission Houses bought, but dealers stood by. Sentiment was mixed. Factory buying is expected on any further decline.

WHEAT: Business was comparatively light and prices were easily influenced. The late strength was attributed to better milling demand and a good measure of buying and covering. Absence of rains in the drought sections is a substaining factor.

HIDES: Tanners and Commission Houses are reported to be buyers at the decline. The technical position is healthier,

Manager Appointed For Kowloon Cricket Club

Satisfactory Year Recorded At Annual Meeting

By appointing a whole-time, paid European manager to take over most of the duties hitherto performed by the Hon. Secretary and the Bar Convener, the Kowloon Cricket Club has taken a step as unique as it is important, in the progress of local sports clubs. The officer appointed is Mr. G. R. Holloway, and he assumed duties on Oct, 1.

The appointment of such an official was revealed by Mr. Justice R. E. Lindsell, president, in his speech at the Annual General Meeting of the Club held yesterday in the club house. There were over 100 members present.

Mr. Justice Lindsell said the Club had had a busy year, but not was very satisfactory. a strikingly eventful one. It was a healthy sign that the member-

ship had increased. 'He referred, with deep regret, to the deaths of five members. Messra L. J. Blackburn, W. J. Edwards, G. E. Dudley, P. E. Knight, A. Mackenzie and E. Webb, during the year under review. There was also the recent death of Mr. W. W. Hirst which was deplored. The late Mr. Hirst had rendered yeoman service to the Club as a member of the committee.

Commenting on the very brief reference to cricket in the annual report, the President said, may be a sign of the times, but cricket is still a grand game and the K.C.C. is still 'a cricket club with the finest ground and pavi- win lion in the Colony." "

He congratulated the 2nd. XI on being champions of the 2nd League, and offered his condolence to the 1st. XI for failing to bring off a "double." In tennis the players had given a good account of themselves.

LAWN BOWLS

"I myself have discovered that bowls is a contageous disease," continued Mr. Justice Lindsell, "and is liable to attack all and sundry. Even, such a prominent cricketer as Mr. R. Abbot had succumed to its charms. No Wonder its popularity is increas-"

POSSESSION CLAIM

Continued from Page 5

Again in Gardner v. Ingram (supra) it is clear from the report that it was not merely the inculsion in the notice of the words "or before" that was held to invalidate it. The notice was as follows:--"Kindly take notice that I Intena to surrender to you the tenancy It might be mentioned here that of this house on or before the Sept. tenant merely says that he intends to surrender the lease on or before that he intends to enter into nego tiations as to something which cannot be done without his land lord's consent, that he will sur fender his lease to the landlord i he will accept it. That is no notice to quit and there is an end of th

Furthermore it is not disputed that the dictumn of Lush J. is Bignell's case (supra) was entirely obiter and though supported by implication by Salter J. in his judgment (at p.133) it cannot therefore be called authoritative, and the view of the learned Editors o England is to some extent discounted by the statement in Redman's Law of Landlord & Tenan (8th Edition) p.620-"a notice to quit on or before the day appears to be valid." It is true that in suppor of this statement Ahearn vs Bellman (supra), which was decided on other grounds, is cited, and Redman's 8th Edition was probably published before Rignell's case way decided, but I feel myself on safe ground in preferring a statement by Bramwell L. J. which may have been by the way to a completely obiter dictum of Lush J. VIEW CONFIRMED

a case which was not cited to me but has since been brought to my notice, the case of Forest Oak S. S of the Association for the year 10.16 A. Sommerfelt and I. H. Co. Ltd. v. Richards & Co. (1899) 5 Com. Cases 100; 12 E & E.D.316). There it was held that if parties to a contract stipulate that something is to be done at a particular time, as for example that a ship sail on or before a particular date, they intend that in such a case time shall be of the essence of the contract. In other words the fixing of a time limit to be on or be-NO MUTUAL POSTPONEMENT posed that matches commence at fore a specified date is sufficiently precise to make performance within that time an essential part of the contract

For these reasons I hold that the notice in the present case which evacuate the house on or before the 30th day of June, 1939," was a good and a valid notice to quit.
